

# Justin Blair & Co.'s Super Glue and Adhesives

Fas-Bond cyanoacrylate adhesives, also known as "super glues" due to their extraordinary adhesion profile, are one component, solvent free and very fast setting adhesives. These cyanoacrylates polymerize within seconds and will bond well to a wide range of substrates.

**Fas-Bond 120 1oz**  
Thin Formula  
Item # 21113  
\$6.25/ea

**Fas-Bond 500**  
Medium Formula

Sizes	Item #	Price
1oz	21114	\$6.25/ea
2oz	27300	\$9.00/ea
8oz	27301	\$25.15/ea

**Fas-Bond 2400**  
Thick Formula

Sizes	Item #	Price
2oz	31030	\$9.50/ea
8oz	31031	\$26.00/ea

**Fastak Activator Pump Spray**

Sizes	Item #	Price
4oz	31034	\$5.50/ea
8oz	31035	\$13.00/ea

**Fas-Bond Toughened Thick Formula**  
(Flexible when dry)  
**BT3500 Dries Black Item # 31032 \$11.25/ea**  
**CT3200 Dries Clear Item # 31033 \$11.75/ea**

FAS-BONDTM Cyanoacrylate Adhesives This complete range of cyanoacrylate adhesives represents the latest technology ensuring maximum performance-in-use and value. Choose from the wide selection of viscosities, cure speeds and performance properties to meet your specific application.
